Durable Medical Equipment

Policy
Mass General Brigham Health Plan reimburses participating providers for durable medical equipment (DME) when medically necessary, for the treatment of an injury or illness in order to improve or stabilize the member’s condition or to improve functioning.

Policy Definition
Durable medical equipment (DME) is equipment that can withstand repeated use, is primarily and customarily used to serve a medical purpose, generally not useful in the absence of illness or injury, appropriate for use in the home or inpatient setting and not intended for sport-related or vocational purposes. (Refer to the “DME Terminology” section for additional definitions.)

Equipment must be:
- Medically necessary
- Ordered by a participating Mass General Brigham Health Plan provider
- Ordered to address a specific diagnosis

DME includes:
- *Prosthetic devices*, defined as those used to replace the function of a missing body part, and those that are designed to be fitted to the member’s body as an external substitute
- Most *orthotic devices*, defined as those used to support a weakened part of the member’s body
- Certain medical and surgical supplies defined as disposable or reusable items that generally do not contain mechanical parts commonly found in medical equipment.

Prerequisites
Applicable referral, notification and authorization policies and procedures apply
- An order for each item billed must be signed and dated by the treating provider and made available upon request.
- A written, signed and dated order must be received by the DME provider before a claim is submitted.
Please reference Mass General Brigham Health Plan’s Prior Authorization List for Durable Medical Equipment (DME), Medical Supplies, Oxygen Related Equipment, Orthotics and Prosthetics, Hearing Aids for authorization requirements.

Quantity limits/unit limits apply; please reference CMS or MassHealth guidelines for more details on unit limits.

Member Cost-Sharing

Member liability amounts may include, but are not limited to, copayments, deductible, and/or co-insurance, and will be applied dependent upon the member’s benefit plan. Coverage of DME is based on the line of business unless otherwise specified within the medical policy(s).

Mass General Brigham Health Plan Reimburses

- Least costly DME item that meets the member’s needs
- Rental fees to a maximum cap of the purchase price
- Replacement parts for DME that is owned by the member
- Therapeutic shoes for members who have diabetic foot disease and/or peripheral vascular disease, as diagnosed by a participating provider

Reimbursement includes but is not limited to:

- Purchase or rental; Mass General Brigham Health Plan determines whether it is appropriate to purchase or rent equipment for members
- Replacement part(s) or repairs when the DME is no longer under warranty

Providers are reimbursed according to the plan’s network provider reimbursement or contracted rates. Claims are subject to payment edits that are updated at regular intervals.

Mass General Brigham Health Plan Does Not Reimburse

- Automatic dispensing of supplies, accessories, or equipment
- Backup or standby equipment, including equipment repair or replacement
- Items supplied based on member preferences
- Modifications made to the home to suit members need, including ramps
- Sales tax, shipping, and/or handling fees applicable by state
Billing Guidelines and Documentation

- Bill the most current and up-to-date industry standard procedure and diagnosis codes
- Submit the modifier that will impact reimbursement in the first modifier field, followed by informational modifiers

Please reference procedure codes from the current CPT, HCPCS Level II, and ICD-10-CM manuals, as recommended by the American Medical Association (AMA), the Centers for Medicare & Medicaid Services (CMS), and the American Hospital Association. CMS and the AMA revise HIPAA medical codes on a pre-determined basis, including changes to CPT, HCPCS, and ICD-10 codes and definitions. Please refer to the CMS or CPT guidelines for requisite modifier usage when reporting services. The absence or presence of a modifier may result in differential claim payment or denial.
Mass General Brigham Health Plan reviews claims to determine eligibility for payment. Services considered incidental, mutually exclusive, integral to the primary service rendered, or part of a global allowance, are not eligible for separate reimbursement. Please refer to Coding Provider Payment Guidelines for more information.

All claims are subject to audit services and medical records may be requested from the provider.

**Mass Health ACO Members**

Mass General Brigham Health Plan ACO pays per MassHealth payment methodologies. Claims billed with codes that require invoice pricing shall deny, and providers are required to submit an invoice for payment.

This document is designed for informational purposes only. Claims payment is subject to member eligibility and benefits on the date of service, coordination of benefits, referral/authorization/notification and utilization management guidelines when applicable, adherence to plan policies and procedures, claims editing logic, and provider contractual agreement. In the event of a conflict between this payment guideline and the provider’s agreement, the terms and conditions of the provider’s agreement shall prevail. Payment policies are intended to assist providers in obtaining Mass General Brigham Health Plan’s payment information. Payment policy determines the rationale by which a submitted claim for service is processed and paid. Payment policy formulation takes into consideration a variety of factors including: the terms of the participating providers’ contract(s); scope of benefits included in a given member’s benefit plan; clinical rationale, industry-standard procedure code edits, and industry-standard coding conventions.
