Dermatology

Policy
Mass General Brigham Health Plan reimburses participating providers for the provision of medically necessary dermatology services, including the diagnosis and treatment of skin disorders and disease.

Reimbursement
Providers are reimbursed according to the plan’s network provider reimbursement or contracted rates. Claims are subject to payment edits that are updated at regular intervals.

Covered services are defined by the member’s benefit plan. The manner in which covered services are reimbursed is determined by the Mass General Brigham Health Plan Payment Policy and by the provider’s agreement with Mass General Brigham Health Plan. Member liability amounts may include but are not limited to copayments; deductible(s); and/or co-insurance; and will be applied dependent upon the member’s benefit plan.

Various services and procedures require referral and/or prior authorization. Referral and prior authorization requirements can be located here.

Please reference procedure codes from the current CPT, HCPCS Level II, and ICD-10-CM manuals, as recommended by the American Medical Association (AMA), the Centers for Medicare & Medicaid Services (CMS), and the American Hospital Association. CMS and the AMA revise HIPAA medical codes on a pre-determined basis, including changes to CPT, HCPCS, and ICD-10 codes and definitions.

Please refer to the CMS or CPT guidelines for requisite modifier usage when reporting services. The absence or presence of a modifier may result in differential claim payment or denial.

Mass General Brigham Health Plan reviews claims to determine eligibility for payment. Services considered incidental, mutually exclusive, integral to the primary service rendered, or part of a global allowance, are not eligible for separate reimbursement. Please refer to Coding Provider Payment Guidelines for more information.

All claims are subject to audit services and medical records may be requested from the provider.
Mass General Brigham Health Plan’s reimbursement is based on the type of business. Unless otherwise specified within the medical policies, please follow the guidelines based on membership type:

**MassHealth or MGB ACO**: Please refer to the MassHealth Physician Manual for a list of payable services.
- Commercial: Entire policy applies.
- Medicare Advantage: Entire policy applies.

**Mass General Brigham Health Plan Reimburses**
- Actinotherapy, photochemotherapy and laser therapy for inflammatory diseases of the skin.
- Mohs micrographic surgery to remove complex and/or ill-defined cancer of the skin.
- Photodynamic therapy to destroy pre-malignant and/or malignant lesions by activation of photosensitive drugs.
- Surgery to correct or repair severe disfigurement to restore physical function.
- Wound repair and closures.

**Mass General Brigham Health Plan Does Not Reimburse**
- Anesthesia provided by the physician or dermatologist performing the procedure, including conscious sedation.
- Cosmetic surgery whose primary purpose is to improve, alter or enhance appearance, and that otherwise does not meet the definition of reconstructive.
- Dermatological procedures performed primarily for psychological or emotional reasons.
- Separately or additionally for the use of a device.
- Surgery to treat acne lesions.
- Surgery to remove tattoos.

**Procedure Codes**

*Note: This list of codes may not be all-inclusive. Inclusion of a code does not imply or guarantee coverage.*

Provider Payment Guidelines and Documentation

The medical record must support the medical necessity and frequency of each dermatological treatment. The medical record must clearly document the patient’s symptoms and specific physical findings that justify removal of a benign lesion.

January 01, 2023 Document rebrand; added Medicare Advantage; added reference links

This document is designed for informational purposes only. Claims payment is subject to member eligibility and benefits on the date of service, coordination of benefits, referral/authorization/notification and utilization management guidelines when applicable, adherence to plan policies and procedures, claims editing logic, and provider contractual agreement. In the event of a conflict between this payment guideline and the provider’s agreement, the terms and conditions of the provider’s agreement shall prevail. Payment policies are intended to assist providers in obtaining Mass General Brigham Health Plan’s payment information. Payment policy determines the rationale by which a submitted claim for service is processed and paid. Payment policy formulation takes into consideration a variety of factors including: the terms of the participating providers’ contract(s); scope of benefits included in a given member’s benefit plan; clinical rationale, industry-standard procedure code edits, and industry-standard coding conventions.
