B. Background information about Mass General Brigham SCO network providers

B1. Key terms

- This section explains key terms in our Directory.
- **Care coordinator:** One main person who works with you, with the health plan, and with your care providers to make sure you get the care you need.
- **Individualized Care Plan (ICP or Care Plan):** A plan for what services you'll get and how you'll get them. Your plan may include medical services, behavioral health services and long-term services and supports.
- **Interdisciplinary Care Team (ICT or Care team):** A care team may include doctors, nurses, counselors, or other health professionals who are there to help you get the care you need. Your care team also helps you make a care plan.
- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, drugs, equipment, and other services.
  - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a Mass General Brigham SCO member.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.

- A **Primary Care Provider** (PCP) is a provider who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.

- You may need a **prior authorization** for a specialist or someone that isn't your PCP. This means that **Mass General Brigham SCO** (not your network PCP) must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network provider. If you don't get a prior authorization, Mass General Brigham SCO may not cover the service, item, or drug.
  - Prior authorization **isn't** needed for:
    - emergency care;
    - urgently needed care;
    - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area; or
    - services from a women's health specialist.
      - Additionally, if you're eligible to get services from Indian health providers, you may use these providers. We must pay the Indian health provider for those services even if they're out of our plan's network.
      - More information on prior authorization is available in Chapter 3 of the *Member Handbook*
      - This is a sample of services that do not require prior authorization. For a full list, please review information in Chapter 3 of the Member Handbook.
- You'll also be assigned a care coordinator who will assist you with getting the services you need, and you will determine who is on your care team that works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all the medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before

sharing your medical information with other providers. Members of your care team may include:

- A **Care Coordinator** that helps you manage your medical providers and services. The Care Coordinator is an Enrollee's primary partner to navigate the health plan, MassHealth (Medicaid), and Medicare complexities. A Care Coordinator serves as the primary point of contact for the Enrollee and the Interdisciplinary Care Team, participates in the Enrollee's Comprehensive Assessments, provides care planning and the coordination of services, and serves as an internal representative for Enrollee needs and preferences within the plan. A Clinical Care Manager may serve in the role of an Enrollee's Care Coordinator when appropriate to meet the Enrollee's needs.
- A **Geriatric Support Services Coordinator** who can help you access home care and other community services.
- Your **Primary Care Provider**.

- Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you'll get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

- We must provide you with access to primary care and behavioral health services within the following timeframes: immediately for urgently needed services or an emergency;
- within 7 days for services that aren't an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you will need to choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

- To choose a PCP, refer to the list of providers in **Section C1** and choose a provider:
  - that you use now, **or**
  - who has been recommended by someone you trust, **or**
  - whose offices are easy for you to get to.
- If you don't choose a PCP in our network, Mass General Brigham SCO will choose one for you.

- If you want help in choosing a PCP, please call Member Services at **888-816-6000** (TTY: 711), October 1– March 31, 8 a.m. to 8 p.m. EST, Monday through Sunday; April 1– September 30, 8 a.m. to 8 p.m. EST, Monday through Friday. This call is free. Or visit **MGBAdvantage.org/SCO**.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services at **888-816-6000** (TTY: 711), October 1– March 31, 8 a.m. to 8 p.m. EST, Monday through Sunday; April 1– September 30, 8 a.m. to 8 p.m. EST, Monday through Friday and ask **before** you get the service or care.

B4. How to access Long-term Services and Supports (LTSS) providers

As a Mass General Brigham SCO member, you'll be able to get Long-term Services and Supports (LTSS) if you need them. LTSS includes a wide variety of services and supports that help people live safely in their homes. Examples include assistance with bathing, dressing and other basic activities of daily life and self-care, as well as support for everyday tasks such as laundry, shopping, and transportation. LTSS are provided over an extended period, predominantly in homes and communities, but also in facility-based settings such as nursing facilities.

If you need LTSS, an LTS Coordinator can help you and your Care Team determine what options are available to support you in the way you want. You always have the right to have an LTS Coordinator on your Care Team.

B5. How to access Mass General Brigham SCO's network providers

You must get all of your covered services from providers within our network. If you use providers who aren't in the Mass General Brigham SCO's network **(without prior authorization), you may have to pay the bill.**

> A **prior authorization** is an approval from Mass General Brigham SCO to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan for other non-emergency services if Mass General Brigham SCO gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider.
- Mass General Brigham SCO works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network

providers in this Directory includes information about the accommodations they provide.

- If you need a provider and aren't sure if they offer the accommodations you need, Mass General Brigham SCO can help you. Talk to your care coordinator for assistance.

C. Mass General Brigham SCO's list of network providers

This part of the Directory includes a list of Mass General Brigham SCO's network providers who participate in and accept Mass General Brigham SCO. It contains:

- **Health care professionals** including primary care providers, specialists, behavioral health providers, dental service providers, and vision service providers
- **Facilities** including hospitals, nursing facilities, and behavioral health facilities
- **Support providers** including Long-term Services and Supports (LTSS), for example, adult day health, homemaker, and home modifications

Providers are listed in alphabetical order by last name. In addition to contact information, provider listings also include specialties and skills, such as languages spoken (including American Sign Language (ASL)) or completion of cultural competence training.

> Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs
