Leader Bank Choice Easy Tier HMO 1000 with Care ComplementSM

For Large Group Employers

IMPORTANT NOTICE: This plan includes a Tiered Provider Network called Choice Easy Tier. In this plan, members pay different levels of Copayments, Coinsurance, and/or Deductibles depending on the tier of the provider delivering a covered service or supply. This plan may make changes to a provider's benefit tier annually on January 1. Please consult the Choice Easy Tier provider directory or visit the provider search tool at MassGeneralBrighamHealthPlan.org to determine the tier of providers in the Choice Easy Tier network.

This health plan meets Minimum Creditable Coverage standards and will satisfy the individual mandate that you have health insurance. Please see the last page for additional information.

Schedule of Benefits

This Schedule of Benefits is a general description of your coverage as a member of Mass General Brigham Health Plan. For more information about your benefits, log into Member.MassGeneralBrighamHealthPlan.org to see your plan documents and get personalized information about your plan or call Customer Service at 866-414-5533 (TTY 711).

As a member of the Choice Easy Tier HMO plan, you will pay different levels of copayments, coinsurance, and/or deductibles depending on the tier of the hospital delivering a covered service or supply. All hospitals in the Choice Easy Tier HMO network must meet high quality standards, and are measured by a set of quality benchmarks from publicly available resources like Leapfrog and Hospital Compare.

To determine a hospital's tier, Mass General Brigham Health Plan used statewide cost data from the Center for Health Information and Analysis, an agency of the Commonwealth of Massachusetts. Based on this data, we identified cost efficient hospitals by hospital type, and placed these hospitals in the lower tier, Tier 1.

Participating hospitals are classified into two tiers as described below:

- **Tier 1 (lower member cost-sharing):** Hospitals assigned to this tier offer the most value relative to cost-efficiency and have the lower member cost-sharing for certain covered services as indicated below. All outpatient services at a freestanding/independent (non-hospital affiliated) facility are included in this tier.
- **Tier 2 (higher member cost-sharing):** Hospitals and affiliated facilities assigned to this tier still offer good value relative to cost-efficiency and have the higher member cost-sharing for certain covered services as indicated below.

If your PCP refers you to a provider for covered services such as a specialist, it is important to check whether the provider you are referred to is affiliated with one of the higher member cost sharing hospitals. Your cost will be higher when you receive certain services at or by these hospitals, even if your PCP refers you. For assistance in finding providers in the Choice Easy Tier HMO network and tier information of the providers, please visit the online provider search tool at MassGeneralBrighamHealthPlan.org

All covered services must be medically necessary and some may require prior authorization. Please check with your PCP or treating provider to determine if a prior authorization is necessary. Your Member Handbook may include additional coverage and/or exclusions not listed on the Schedule of Benefits.

Benefit Period

Your benefit period resets on your employer's anniversary date.

Copayments, Coinsurance, or Deductibles Required for Certain Services

Before coverage begins for certain services, you pay a deductible each benefit period. Your Plan deductible is an amount you pay for certain services each benefit period. For some services, after the deductible is satisfied, members may be required to pay a copayment and/or coinsurance before coverage begins.

All members are responsible for the individual deductible per benefit period. Family member's deductible payments contribute toward the family deductible per benefit period. The family deductible can be satisfied by combining the deductibles paid for by covered family members. Each family member's contribution will not exceed the amount set for an individual deductible.

All medical and behavioral health, and prescription drug amounts paid apply toward the out-of-pocket maximum. Once the individual out-of-pocket maximum is satisfied, these services are covered for the member in full through the remainder of the benefit period. The family out-of-pocket maximum is satisfied by combining the copayments, coinsurance and deductible amounts paid by covered family members. Once the family out-of-pocket maximum is satisfied, these services are covered for all family members in full through the remainder of the benefit period.

Your Primary Care Provider (PCP)

Your PCP arranges your health care and is the first person you call when you need medical care. Be sure to check with your PCP to find out office hours and whether urgent care is offered.

Mass General Brigham Health Plan requires the designation of a PCP. You have the right to designate a PCP who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the PCP.

For information on how to select a PCP, or a list of the most up-to date provider information, or a list of participating health care professionals who specialize in obstetrics or gynecology, visit MassGeneralBrighamHealthPlan.org or call Customer Service.

Preventive Care Services

Mass General Brigham Health Plan covers eligible preventive services for adults, women (including pregnant women) and children, which includes coverage for annual physical exams, immunizations, well child visits and annual gynecological exams. For a complete list of eligible preventive care services, please visit MassGeneralBrighamHealthPlan.org or call Customer Service.

Primary Care Provider (PCP) and Obstetrical Rights

You do not need a referral from Mass General Brigham Health Plan or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. However, the health care professional may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan.

Urgent Care

If you need urgent care, call your PCP to arrange where you will receive treatment. Examples of conditions requiring urgent care include, but are not limited to, fever, sore throat or an earache.

Emergency Care

In an emergency, go to the nearest emergency facility, or call 911. If you are admitted to the hospital for inpatient care, you will be responsible to pay Tier 1 member cost sharing. All follow-up care must be arranged by your PCP. If you receive follow-up care in a hospital setting, your member cost sharing will depend on the tier of the hospital that provides that care. Please refer to this Schedule of Benefits for your cost sharing amounts.

Referrals

Mass General Brigham Health Plan requires referral for specialist services provided by in-network Providers, except the following: Gynecologist or Obstetrician for routine, preventive or urgent care; Family Planning services; Outpatient and Diversionary Behavioral Health Services; Physical Therapy; Occupational Therapy; Speech Therapy; Routine Eye exam; and Emergency Services.

Utilization Review Program

The Utilization Review standards Mass General Brigham Health Plan uses were created to assure our members consistently receive high quality, appropriate medical care. To determine coverage, specific criteria are used to make Utilization Review decisions. These criteria are developed by physicians and meet the standards of national accreditation organizations. As new treatments and technologies become available, we update our Utilization Review standards annually.

To make utilization decisions the health plan conducts prospective, concurrent, and retrospective reviews of the health care services our members use.

Initial Determination (Prospective Review or Prior Authorization)

Determines in advance if a procedure or treatment either you or your doctor is requesting is both medically appropriate and medically necessary.

Concurrent Review

During the course of treatment, such as hospitalization, concurrent review monitors the progress of treatment and determines for how long it will be deemed medically necessary.

Retrospective Review

After care has been provided, we review treatment outcomes to ensure that the health care services provided to you met certain quality standards.

Care Management

When members have a severe or chronic illness or condition, they may qualify for Care Management. Care managers work one-on-one with members and their providers to find the most appropriate and cost-effective ways to manage a condition. Together, a treatment plan that best meets the member's needs is developed with the goal of promoting patient education, self-care, and providing access to the right kinds of health care services and options.

To learn more about Utilization Review or Care Management at Mass General Brigham Health Plan, please refer to your Member Handbook or call Customer Service.
