Section 1 - Introduction

This directory provides a list of Mass General Brigham's Medicare Advantage network providers.

If you are a member of Mass General Brigham Advantage Secure (HMO-POS), you will have to choose one of our network providers listed in this directory to be your **PPrimary CCare Provider (PCP)**. Generally, you must get your health care services from your PCP. Your PCP is a physician, nurse practitioner, or physician's assistant who meets state requirements and is trained to give you general medical care. You will generally see your PCP for most of your health care needs and will help arrange or coordinate the rest of the covered services you get as a plan member.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory.

Out-of-network providers are under no obligation to treat Mass General Brigham Medicare Advantage enrollees, except in emergencies. For a decision about whether we will cover an out- of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service Department at **855-833-3668**,

October 1 through March 31, seven days a week from 8:00 a.m. - 8:00 p.m. and April 1 through September 30, Monday through Friday from 8:00 a.m. - 8:00 p.m. TTY users should call 711. You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

In cases where out-of-network providers submit a bill directly to you, you should **not** pay the bill. You should make a copy of the bill for your records, and submit the original to us for processing and determination of your share of the costs, if any. You may also refer to your Evidence of Coverage or call our Customer Service Department at **855-833-3668** for information on what to do.

You may obtain emergency services from the closest available provider, and you may obtain urgently needed services from any qualified provider when out of the plan's service area or when network providers are unavailable.

With the exception of emergencies, it may cost more to get care from out-of-network providers.

Mass General Brigham Health Plan's wait times for primary care and behavioral health services are:

Urgently needed services or emergency—immediately;
Services that are not emergency or urgently needed, but the enrollee requires medical attention —within 7 business days; and
Routine and preventive care—within 30 business days
