

Medicare Prescription Payment Plan participation request form

The Medicare Prescription Payment Plan is a payment option that works with your current drug coverage to help you manage your out-of-pocket costs for drugs covered by your plan by spreading them across the calendar year (January — December). **This payment option may help you manage your expenses, but it doesn't save you money or lower your drug costs.**

This payment option **might** not be the best choice for you if you get help paying for your prescription drug costs through programs like Extra Help from Medicare or a State Pharmaceutical Assistance Program (SPAP). Call your plan for more information.

Terms and Conditions

The Medicare Prescription Payment Plan is a new payment option in the Inflation Reduction Act. It works with your current drug coverage to help you manage your out-of-pocket Medicare Part D drug costs by spreading them across the calendar year (January-December). Your drug coverage offers this payment option and participation is voluntary. There is no extra cost to join.

By joining the Medicare Prescription Payment Plan, you agree to these terms and conditions:

- You must have active Part D coverage.
- You can leave the Medicare Prescription Payment plan at any time, but you will still be responsible for any drug costs already incurred.
- You will be billed monthly. This payment is separate from any plan premiums (if applicable).
- Your payments may change each month if your prescriptions change.
- You must pay your bill each month, on or before the due date.
- If you miss a payment, you will get a reminder. If you do not pay your bill by the due date in the reminder, you may be removed from the Medicare Prescription Payment Plan.
- You agree to receive phone calls, including autodialed and prerecorded calls, at the telephone number(s) you provided to your health plan. Calls may contain personal health information. You may opt out of receiving telephone calls at any time.
- Removal from the Medicare Prescription Payment Plan does not change your payment requirements. If you are removed, you still must pay past due amounts and may continue to receive bills for outstanding payments.
- Late payments made pursuant to the Medicare Prescription Payment Plan are not subject to interest or additional fees.
- If you are removed from the Medicare Prescription Payment Plan, this will not impact your current drug coverage.
- Removal from the Medicare Prescription Payment Plan may impact your eligibility to enroll in the program in the future.
