### Overview

Sunosi is indicated to improve wakefulness in adult patients with excessive daytime sleepiness associated with narcolepsy or obstructive sleep apnea (OSA).

### Coverage Guidelines

Authorization may be granted for members who are currently receiving treatment with Sunosi, excluding when the product is obtained as samples or via manufacturer's patient assistance programs.

#### OR

Authorization may be granted for members when all the following criteria are met, and documentation is provided:

1. The member is  $\geq 18$  years of age
2. The member is using Sunosi to improve wakefulness in those with excessive daytime sleepiness associated with narcolepsy **OR** obstructive sleep apnea (OSA)
3. The member has had previous trial, inadequate response or contraindication to modafinil **AND** armodafinil

### Continuation of Therapy

Reauthorization requires physician documentation of improvement of member's condition.

### Limitations

Authorizations will be approved for 12 months
