Welcome to Complete HMO for GIC Members

For more than 35 years, the health plan your coworkers trust

Your health plan for
every day's moments.

Whether it's the moment you start a new exercise program, meet your new baby, or get an unexpected diagnosis, we're here for you.

Get support when you need it

Would you like help finding a provider or understanding if this is the right plan for you? We have a dedicated GIC Customer Service team that is happy to help. Contact them at **866-567-9175 (TTY: 711)** or email **MGBHPCS@mgb.org**. We're available Monday through Friday, from 8 a.m. to 6 p.m. and Thursdays from 8 a.m. to 8 p.m.

Access to a broad provider network and innovative care options

Your coverage starts with your primary care provider for routine care. When needed, your PCP will refer you to a specialist and help ensure coordinated care. Referrals are needed for certain specialty services. In addition, certain services or procedures may require a prior authorization.

As for the provider network, your options give you flexibility and choice. World-class Massachusetts hospitals are in-network—giving you access to some of the nation's leading academic medical centers and specialty hospitals. Your network includes a vast list of providers outside of the Mass General Brigham system.

When it comes to behavioral health, you have a full range of network and service options

You'll have access to Optum, one of the nation's largest behavioral health networks. In addition, Lyra Health provides a range of mental health services with virtual and in-person options, including on-demand resources, mental health coaching, therapy, and medication management. Members can get personalized provider matching, and quickly schedule appointments, often within one to three days.

Tiering made simple

There are three tiers of providers in the Group Insurance Commission network. These tiers apply to your cost sharing when you visit a PCP or specialist, or when you get inpatient acute medical care in a hospital. Tiering does not apply to all services.

How does it work? Your cost sharing depends on whether you visit a **Tier 1** (lowest cost sharing), **Tier 2** (middle cost sharing), or **Tier 3** (highest cost sharing) provider.

All providers in the same practice will be in the same tier. If a provider practices at multiple locations, the location where you have your appointment will determine your copay.

Visit the provider search tool at MGBHP.org/GIC-members to determine the tier of your provider.

This plan includes a tiered provider network

Your Complete HMO plan has three levels of copays depending on the tier of your provider. This gives you flexibility and choice when choosing where to receive your care.

Here's how tiers work

Tiering only applies to office visit copays when you see a primary care provider, specialist, or when receiving inpatient acute medical care at a hospital.

You pay less in cost sharing when you visit a Tier 1 provider, more when you visit a Tier 2 provider, and the most when you visit a Tier 3 provider.

It's important to check the tier of the provider and/or hospital where you go for care to understand what your member cost sharing will be.

	Tier 1 copay	Tier 2 copay	Tier 3 copay
Cost sharing	\$	\$\$	\$\$\$
PCPs	\$10 per office visit	\$20 per office visit	\$40 per office visit
Specialists	\$30 per office visit	\$60 per office visit	\$75 per office visit
Inpatient acute medical care	\$275 copayment, then subject to deductible	\$500 copayment, then subject to deductible	\$1,500 copayment, then subject to deductible

Helpful tip:

All providers in the same practice will be in the same tier. If a provider practices at multiple locations, the location where you have your appointment will determine your copay.

Money-saving tip:

Virtual visits with PCPs, Specialists, and On Demand have a \$10 copay. The first 3 virtual visit copays for Mental Health Care or Substance Use Care are waived and then have a \$10 copay.

Find a provider and check their tier

Our Find a provider tool includes the most up-to-date information about the Group Insurance Commission (GIC) tiering. If you're not a member yet, you can visit [MGBHP.org/GIC-members](https://www.mgbhp.org/GIC-members) to search for providers. Members can access the search in the Member Portal at [Member.MGBHP.org](https://www.member.mgbhp.org).

How are providers assigned to tiers?

We based the tiering on quality and cost-efficiency standards in collaboration with the GIC. Cost-efficient PCPs and specialists were identified based on their hospital affiliation and placed in the appropriate tier as described above. For PCPs and specialists unaffiliated with a hospital, they default to Tier 2 and therefore apply the middle level of member cost sharing.
